Congratulations, Ingrid!

You and Lars came through a tight opening set before taking control and winning in straight sets.

Ingrid and Lars secured a straight-sets win over Astrid and Mateo

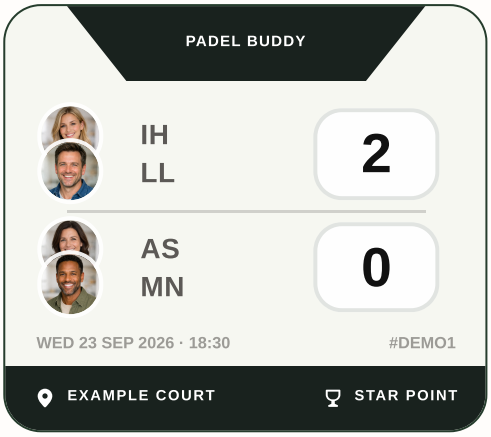

Ingrid and Lars came through a tight opening set before taking control of the second and closing the match 7-6, 6-2. They stayed composed under pressure, particularly through long deuce games, and kept the initiative after the first-set tiebreak went their way.

Set progression

The opening set was decided in a tiebreak after both pairs traded service holds and short momentum swings. Ingrid and Lars edged it 7-6(5), carried that confidence into the second set, and built an early lead that Astrid and Mateo could not recover from.

Decisive factors

The winning pair led the key efficiency measures with 52% of all points and 71% of their service points. They also won the longer pressure exchanges, including a six-point streak that created separation when the match tightened.
